

Irrigation Ditch Regulations

The ditches are to be kept clear and easily accessible for ditch maintenance or emergencies. Sticks, boards, toys, yard refuse, or any item which may restrict or contaminate water flow or plug up head gates is prohibited. No unauthorized person shall be permitted to remove or add boards to alter the amount of water flow.

No solid structures are allowed. All fences must provide a gate wide enough for large equipment to safely pass through. You may submit a plan regarding the issues to the Architecture Committee & the Grazing Manager for review.

The ditches may not be altered in any manor, including enclosure, without review and written permission from the Grazing Manager.

Architecture Committee members and Grazing Manager contact information is available on the Pine Lakes Ranch Homeowners website or if you are unable to access the site please contact Secretary- Pamela Mann at 208-382-5076.

Individual landowners that have ditches/canals operated by the Center Irrigation District are governed by the rules of that agency and will be receiving notification from them directly.

Sincerely,
Kitty Lightfoot
PLR Board President

Charles Chambers
PLR Grazing Manager
